We want to relandscape per enclosed plan (plant materials list and photos are also enclosed). All trees (palms, oaks), bamboo and dracaena will remain. Everything else will be removed/replaced. Irrigation will be added as appropriate. The beds to the left and right of the front porch will not be mirror images but will be using the same plant materials. If we find we don't have enough color, we might add some hibiscus and use less sanchezia. I will be sending these documents and pictures via email as well.
